

User Stories for Nully

Manuel Ricardo Guerrero Cuéllar

User Stories

- **As a user, I want to be able to register in the application to access all its functionalities**, so that I can personalize my experience and retain my settings and preferences.
- **As a user, I want to be able to log in to my account to access my personalized dashboard**, so that I can efficiently manage my tasks and projects in a space tailored to my needs.
- **As a user, I want to be able to add lists to a dashboard to categorize my tasks**, so that I can organize my workload and streamline my workflow.
- **As a user, I want to be able to add cards to a list to represent my individual tasks**, so that I can clearly outline the steps needed to complete my projects.
- **As a user, I want to be able to edit the title and description of a card to update the information of a task**, so that I can keep track of changes and ensure all details are current.
- **As a user, I want to be able to move a card between lists to change the status of a task**, so that I can visually track the progress of my work through different stages.
- **As a user, I want to be able to add comments to a card to discuss specific details of a task**, so that I can collaborate with others and capture valuable feedback directly within the task.
- **As a user, I want to be able to add tags to a card to categorize and prioritize my tasks**, so that I can quickly identify the nature and urgency of my tasks at a glance.
- **As a user, I want to be able to assign a due date to a card to set a deadline for a task**, so that I can manage my time effectively and ensure timely completion of projects.

- **As a user, I want to be able to search and filter cards by tags, due date, and other criteria to quickly find the information I need**, so that I can locate specific tasks efficiently without sifting through all the content.
- **As a user, I want to be able to share boards with other users to collaborate on team projects**, so that we can work together seamlessly and maintain a shared understanding of the project's progress.
- **As a user, I want to be able to mark cards as completed to track the progress of my tasks**, so that I can have a clear view of what has been accomplished and what remains to be done.
- **As a user, I want to be able to delete cards and lists to clean up my board when necessary**, so that I can maintain an organized and clutter-free workspace.
